The Commitment Plan Script  
Based on the novel Paige's Web by Shelia M. Goss

## Logline

One woman...three men...and people say men have issues committing. An event planner with commitment phobia finds herself with not just one marriage proposal but three.

## Story

Date more than one man; never agree to an exclusive relationship; and run like a track star at the first sign of love are Paige Webb's rules of engagement. After being left at the altar, Paige devises a commitment plan guaranteed to keep her from getting hurt again. When she finds herself falling for Tyler Anderson, the successful event planner decides to add two other men into the equation. Paige finds herself in some comical and close encounters. The stress from juggling three men ultimately catches up with her. All hell breaks loose when Paige's deceit is discovered. Paige runs to avoid dealing with the aftermath and discovers almost too late that she truly loves Tyler.
